

**UNIVERSITY OF NAIROBI**  
**COLLEGE OF BIOLOGICAL AND PHYSICAL SCIENCES**  
**SCHOOL OF COMPUTING AND INFORMATICS**

**INDUSTRIAL ATTACHMENT BRIEFS**

**Name of Student:** Brenda Mary Njeri  
**Registration No:** P15/35813/2013  
**Institution Attached:** Safaricom  
**Period of Attachment:** Jan - April 2016

**Objectives**

1. Exposure to industrial work environments
2. Active participation in creating practical solutions using knowledge learnt
3. Build professional networks with potential employers

**Activities Undertaken**

The attachment involved:

1. Activating different services for customers such as fixed data internet and MPLS solutions that ride on WiMAX, Microwave and Fiber transmissions.
2. Integrating solutions using different protocols such as EIGRP and BGP.
3. Performing troubleshoots for the different solutions.
4. I also attended some training involving the job.

**Lessons worth Sharing**

1. The field of technology is growing and changing fast and hence there is need to always research and learn the latest technology trends.
2. There is a lot of effort being made to increase the number of ladies in technology from internships being offered for example (Safaricom women in technology) to conferences being held, I would like to advice every lady to be on the lookout and participate in this events.
