

SCI Collaboration with UESTC- China

Date and Time: Friday 25th May 2018: 1330 To 1730

Venue: Chiromo Campus - SCI Boardroom

School of Computing and Informatics (SCI) is in the process of establishing collaboration with School of Information and Software Engineering (SISE). SISE is a School in University of Electronic Science and Technology China (UESTC) located in Chengdu. The meeting between SCI and SISE delegation will Focus on:

- **Academic Exchange:** One-semester overseas experience in UESTC;
- **Internship:** 1-3 months student's internship programme in China;
- **Faculty Training:** 1-3 month training programme for faculties on customized courses;
- **Academic Research:** Joint research between SCI and SISE faculties.

Fostering Kenya - China (UoN-SCI & UESTC-SISE) Collaboration in Software Engineering, Innovation and Research
