

Women TechMakers- UoN Meet up 20th December 2017

Women Techmakers is a google women's program that provides visibility,community and resources for women in technology. The main aim of the community is to

Before the end of the year, Women TechMakers had a meetup that saw students from School of Science, Technology, Engineering and Mathematics (STEM) come together and share ideas.

The event was a fun filled event with lots of exposure to several resources and opportunities available for women in technology.

The event happened to expose the ladies to more unending opportunities in tech with ended with a talk from Vivian Akinyi, a graduate from the school who now works at Google Kenya.
